## Washington and New York Tenpin Teams Will Play Phillies in Quaker City

# TENPIN TEAMS OF [

New York and Washington Go to Philadelphia in Interests of A. C. B. A.

DUCKPIN MATCH CALLED OFF

Purpose of Series of Games Might Be Deterred by Introduction of Little Pins.

KIRK C. MILLER. and final plans for , New York and Phila atenpin teams were com-

plated by a committee headed by Chris Jacobsen at the Royal last night. The New York and Washington teams will meet at Philadelphia on Saturday night, January 22, when the entire series will be dis-

It had been tentatively planned to is not sufficient time to have an by serving a specified period of proba exchange of visits among the teams.

There has been some talk among the pin cities, and a duckpin effort at this advisory capacity. time would produce no good effect on the tournament. It could do no harm, but Washington wants to get their tenpin bowlers here for the tournament,

A., is, of its own accord, leaning to the new organization, and with such men as President S. Childs, of the Childs lunch rooms; Mr. Chickering, of the Chickering Piano Company, and W. V. Thompson, of the Brunswick-Balker-Collender Company behind the A. C. B. A. in New York, it is bound to meet with the maximum of success. Lee Johns and John Koster, two of New York's best John Koster, two of New York's best tenpin spillers, and members of the fa-mous Bergman team, are daily favoring C. B. A. and the purposes which

it has to accomplish.

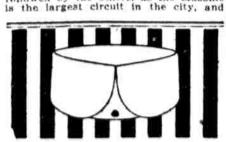

In all probability the gentlemen referred to above will constitute the New York team, while Philadelphia is ex-pected to have H. C. Fehr and Third Vice President Johnson, of the A. C.

The attractive posters blazoning forth in brilliant colors the announcement of the A. C. B. A. tournament to be held here beginning April 3 made their appearance in Washington's bowling alleys yesterday. These posters were conceived by a committee headed by Harry Stanford, and with the assistance of Charles F. Crane and Frank Roberts a fetching result was obtained. Entries close on March 25, according to the placard which has just appeared.

Many of Washington's leagues are beginning to realize the seriousness of the matter of obtaining funds to en-ter their teams in the A. C. B. A. tour-nament, and means of sending the teams to the foul line as a whole are now being entertained by many of them. Every member of the association who enters in teams, doubles, and individual competition will have entry fees to the amount of \$15 to pay—and no few of the bowlers are already be ginning a savings fund for that pur-

The plan advocated some time ago to confiscate the prize lists of the many leagues to pay the entry fee of their star teams in the A. C. B. A. competition is not greeted very warmly by the majority of circuits. And, justly so! League competition is entirely separate and distinct from the A. C. B. A. tournament and they should in no way be confused. If a lower is inclined to use any of the league prize money in his any of the league prize money in his own behalf toward entering the tournament, let him boost his bowling average and earn individually from his league the A. C. B. A. entry fees. In this way both his league and the association will be cenefited, for every time a bowler makes up his mind be will be a bowler makes up his mind he will be a better bowler, he is boosting the game in all its departments, league, city and A. C. B. A. tournament.

Several meetings of the Masonic League have been held for the purpose of deciding under exactly what au-spices the Masonic League will enter the tournament. It is planned to enter all of the twenty teams, and a dance or entertainment may be given to sup-ply the funds. Whatever steps are taken to enter the tournament as a whole by the Masonic League, may be followed by the others, as the Masonic to the largest circuit in the city and

BOSTON, Mass., Jan. 12.-The forma transfer of the Boston Braves stock and any attempt to shift their interest to duckpins at this late hour would be fruitless.

New York, the city around which a circle has been drawn by the A. C. B. A., is, of its own accord, leaning to the Millet, Roe & Hagen.

Get glad!

for you've hit

No more tobacco grouches; no more

scorched tongues, parched throats!

Just joy, via Prince Albert, tobacco

that'll punch-pleasure into your

system quicker than you or old Blue

Smoke P. A. like you went to college

with it—it's so chummy! Can't

go wrong on P. A. because it's made

to spread-smoke-sunshine; to make

pipesters and "rollers" glad! The

patented process does that—and cuts

you'll sing how glad you are to know

Monday can kick it out!

the right tobacco!

## WEAK TEAMS OBJECT TO LONG SCHEDULE

Single Pitcher, as in Past, Could Not Carry High School Nine Through Ten Battles.

By BRYAN MORSE.

High school baseball teams counting on a single pitcher to carry through the series of ten games as now played, may raise strenuous protest to the plan of increasing the title battles to twenty contests at today's faculty advisers' meeting. A canvass of the advisers shows all of them to be heartily in favor of increasing the series to twenty games provided several objections can be surmounted.

According to the present plan to come up today the series can be extended to twenty games, each school playing the other twice instead of once as in the provision during the games in the past. It is planned to use the baseball diamonds north of the municipal pool on Tuesdays and Fridays and to run two games at once. In playing through four games a week the series could be concluded in five weeks just as at present.

John F. Eethune, of the Office of Public Buildings and Grounds, assured co-operation with the faculty advisors in obtaining the grounds for the series. There is enough money in the treasury to pay umpires for the sames, it is reported, and on the whole the sames could be run off to expacity crowds.

It is pointed out that many big amateur baseball games are played on the White Lot Gaily during the summer and that a series between the high schools on the Government diamonds would prove attractive to the players and followers. lowers.
Conches and players, with few excep-

tions are heartily in favor of the pro-posed change. For the past several years an attempt has been made to run off a longer high school cham-pionship baseball series. The move-
